

Bi Fold Doors

Inspire your living space with Platinum Series high performance, energy efficient windows and doors.

Position a Bi Fold door to open onto a deck area, garden or patio, which will extend your living area and bring the outdoors inside.

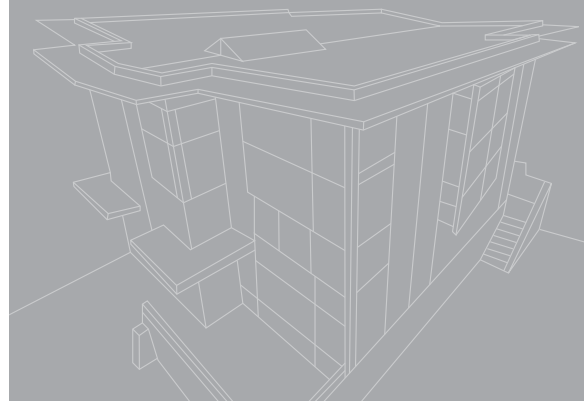

The Platinum Bi Fold door features semi-commercial profiles, which follows the architectural trend for homes to have commercial building features.

With the Platinum Bi Fold door, you get the best of both worlds - residential and commercial design features in one application.

The door caters for Australia's diverse climate with the option of single or double glazing.

Maximum Product Performance

- Serviceability Wind Pressure: 1500 Pa
- Ultimate Wind Pressure: 2300 Pa
- Water Penetration Resistance: 700 Pa
- Overall Classification: N4

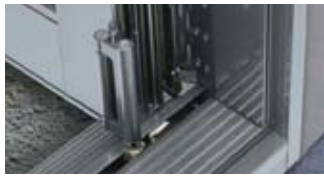

CAPRAL

Other features include:

- Quality Q-Lon seals and butyl impregnated linen gaskets at the frame joints. These provide advanced compression and improved weather performance, preventing water and air leakage.
- Nylon precision bearings also provide effortless operation and prevent excessive shifting or movement.
- Enjoy peace of mind with the choice of a single or multipoint locking system.
- The double glazed option accommodates Insulated Glass (IG) units of up to 25mm thick for an energy efficient household which dramatically reduces home heating and cooling requirements.

HIGH PERFORMANCE BI FOLD DOORS

The fully concealed triple track roller system incorporates a removable cover to assist in preventing damage during construction and to allow for easy cleaning.

The door runs on a bottom track, perfect for the renovation market as it avoids the need for structural changes to an existing building.

Purpose designed and extruded hinges offer uncompromised fit and operation.

Ergonomically designed hardware
