

## French Doors

Inspire your living space with Platinum Series high performance, energy efficient windows and doors.

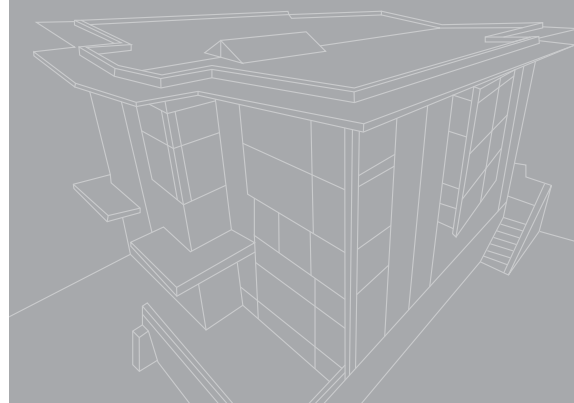

With the Platinum French door, you get the best of both worlds - residential and commercial design features in one application.

The Platinum French door features semi-commercial profiles, which follows the architectural trend for homes to have commercial building features.

Uncompromising high performance mechanisms and components, including stainless steel butt hinges or parliament hinges and strong flush bolts, that secure the door panels, are integrated into the design of the Platinum French door for effortless and trouble free operation.

### Maximum Product Performance

- Serviceability Wind Pressure: 1500 Pa
- Ultimate Wind Pressure: 2300 Pa
- Water Penetration Resistance: 150 Pa
- Overall Classification: N3

**CAPRAL**

Other features include:

- Quality Q-Lon seals and butyl impregnated linen gaskets at the frame joints provide advanced compression and improved weather performance, preventing water and air leakage, resulting in a tight and secure door.
- Stainless steel parliament hinge options provide greater opening flexibility around brickwork or cladding.
- Spigotted corner joints are included for added strength and improved finish.
- The double glazed option accommodates Insulated Glass (IG) units of up to 25mm thick for an energy efficient household which dramatically reduces home heating and cooling requirements.
- The frame of the Platinum French door allows the addition of a flyscreen or security door (including Amplimesh and ClearGuard®) that can be installed internally or externally, before or after construction.

# HIGH PERFORMANCE FRENCH DOORS

Enjoy peace of mind with the choice of a single or multipoint locking system.

Stainless steel butt hinges are standard and provide increased corrosion resistance.

Choose from open in or out configurations to suit your home and lifestyle. An open out configuration is convenient, as it does not interfere with furniture near and around the door opening.

High quality flush bolt hardware.
