

Sliding Doors

Inspire your living space with Platinum Series high performance, energy efficient windows and doors.

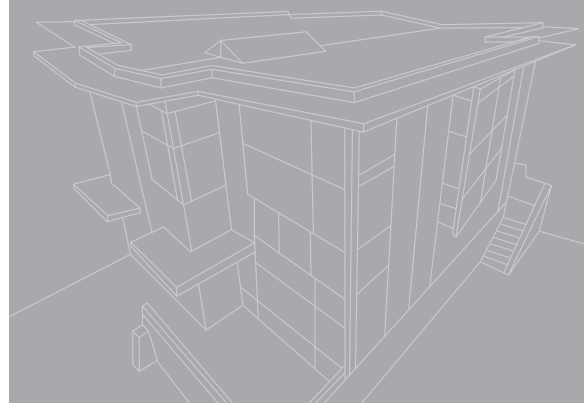

Platinum Sliding doors deliver a fashionable new look and provide a cost effective way of combining the indoors with the outdoors.

Sliding doors offer wide expansive openings similar to that of Bi Fold doors. Effortlessly slide open your door for a seamless integration of your indoor and outdoor living environments, in areas of entertaining and family, and enjoy the ease of moving in and out your home.

The Platinum Sliding door is characterised by contemporary semicommercial profiles for a clean modern and architecturally savvy home.

Maximum Product Performance

- Serviceability Wind Pressure: 1500 Pa
- Ultimate Wind Pressure: 2300 Pa
- Water Penetration Resistance: 200 Pa
- Overall Classification: N4

CAPRAL

Other features include:

- Stylishly designed, rounded interlock mullions separate the fixed and sliding part of the door. These provide substance and strength.
- A doorframe that fits flush to your home for a tight and neat finish.
- Superior seals and butyl impregnated linen gaskets at the frame joints preventing water and air leakage.
- A unique two part bottom track system which exclusive to the Platinum Series Sliding door, allows for a tidier installation.
- For security and peace of mind, the Lockwood Macquarie™ double snib deadlock is incorporated into the Platinum Sliding Door, and conforms to Australian Standard AS4145.2 for security. The lock features a mechanism to prevent it from being lifted out by intruders.
- Uncompromising high performance mechanisms and components, including heavy duty, dual wheel roller carriages which have been tested to provide years of effortless operation.
- The option of double glazing is ideal for keeping noise out and dramatically reduces home heating and cooling requirements.
